Prague 21.02.2025

Magdalena Bambousková, Dis.
CEO
CIMTO, s.r.o.,
organisation authorised by the Ministry of
Transport of CR

- CIMTO s.r.o. hereby confirms that the qualities of the sample (**Child resistant packaging – reclosable**) conform with the basic requirements of the:

EN ISO 8317:2015 standard

The following documents are an integral part of and appendix to this certificate:

- Test protocol no.: 024-2025, issued by AZL no. 1075 on 18.02.2025 on the basis of the results of tests performed on the above stated type of packaging, according to standard EN ISO 8317:2015
- Certification result protocol no.25/CRP/07 issued by CIMTO s.r.o. on 21.02.2025.

This certificate is issued on the basis of proven conformity of child resistant reclosable packages with the standards **CSN EN ISO 8317:2015**. The package has been tested in accordance with these standards and complies with the requirements for identification: child resistant packages.

Notice:

If the applicant intends to put the product into circulation after expiration of the term of validity of this Certificate, it is recommended that an application be filed with this Certification Authority no later than **21 January 2028** in order to ensure a chronological sequence of this and the following certificate.

Instruction:

- The Applicant shall be entitled to file an appeal against this Certificate within 15 days from the delivery of the Certificate. The filed appeal has no dilatory effect.
- The certified product, whether manufactured or put into circulation (imported), must be constantly in accordance with the certified type of product.
- The Applicant may declare that the product is certified only within the scope stated in the respective certificate.
- In case of termination of validity of the Certificate (in whatever way) or in case of suspension of its force, it is not allowed to take all advantages arising from the Certificate.

In case of dispute, the original document in the Czech language is effective in its full extent.
